

Additional Services

In addition to our standard range of business solutions we offer:

Commercial printing

Large volume printing is our specialty. From magazines to large corporate banners we can provide your digital and offset printing in a format that will set the standards for your industry.

Sales Support

Skycore offers sales and marketing support to assist your organisation in ascertaining the best market for your products.

Warehousing & Logistical Support

Catering for small / medium business, start up ventures or large organisations with small quantity storage requirements, Skycore offer you storage space and logistical support from our conveniently located warehouse facilities. Our services also extend to inventory and stock control for small product lines.

Partnership in practice

Facilitating Brilliance

SKYCORE

We are changing the way companies are viewed by their clients.

Discover the secrets of what can be achieved when a company (Skycore) takes the time to gain a full appreciation for what a client wants to achieve, before commencing work for them.

At Skycore we assist corporate clients and small business in key areas of operation. We understand that organisations are often deficient in certain areas of business operation or require assistance in areas where they lack experience or infrastructure to support their product or service.

At Skycore we assist companies to stand out in today's crowded market place

Allow us to tailor a package to ensure your corporate identity is consistent, promoted effectively and is visually enticing to your customers.

From logo creation, stationery design through to product sourcing, manufacture assistance, importing and exporting, Skycore can take your business to the next level.

We invite you to experience an organisation that is as passionate about your business as you are. At Skycore we listen, are innovative, friendly and committed to excellence and achieving results.

Print & Electronic Media

Logo Design & Creation

Research shows that a logo is the most important part of a company's business development cycle.

Skycore offers the highest quality design services at the most affordable prices available. We can work with you to come up with the perfect logo or improve upon an existing one.

Letterheads & With Compliments Slips

Available in 90gsm White Bond, or 100gsm Linen Bond, both of which are thicker than standard office paper in order to project that professional touch. Specialised stock is also available to suit your requirements.

Envelopes

Round off your corporate identity with matching envelopes. Available in DL, DLX or C4 sizes, with the option of Plain or Window Faced and Peel'n Seal or Lick'n Stick adhesives.

Business Cards

We produce Business Cards on only the highest quality 300gsm Artboard available, ensuring your customers first impression of you is a great impression.

Business Solutions

Branding

Product and corporate identity creation.

We establish your brand according to the market you are targeting. Whether you are a new company looking to create an image or a corporation looking to revamp that old tired image, Skycore has the solution.

Sourcing

Global product sourcing and manufacture assistance.

Our network of onshore and offshore contacts can assist you with sourcing and manufacturing your products at a reduced cost.

Import / Export assistance

Utilising our extensive network of import / export consultants we can save you time and money on the importing and exporting of your products

Product sales and marketing

We assist you in taking your products to the market for you, utilising our extensive sales consultants and network.
